Read the passage and answer the following questions.

Google doodles, the drawings that are seen under the Google logo on the Google home page are the creation of 32-year old Google webmaster Dennis Hwang. Since Dennis began celebrating and marking world events and holidays with his doodles in 2000, his work has been seen by billions, with fans waiting with bated breath to see his next creation.

There are websites and blogs devoted to his work. When Dennis was asked that how did he get such a job that meshes computers and art? He replied saying that he had an internship with Google

in college. He was given the task of helping with maintenance of the website and he soon became an assistant webmaster. Before he joined Google, the founders Larry Page and Sergey Brin were already thinking about holiday logos and when he joined they knew he was studying art and suggested he should give it a shot.
