a) bygone   b) hidden   c) everyday   d) deep   e) retirement
4. We need to carry out a detailed \_\_\_\_\_ of the project before we go any further.  
a) amount   b) analysis   c) alarm   d) alternative   e) ambition

**Read the following passage carefully and answer the following questions.**

Papaya is the healthiest fruit with a list of properties that is long and exhaustive. Papaya favours digestion as well as cures skin irritation and sun burns. You can munch on it as a salad, have it cooked or boiled or just drink it up as milkshake or juice. The most important of these virtues is the protein-digesting enzyme in the milky juice or latex. The enzyme is similar to pepsin in its digestive action and is said to be so powerful that it can digest 200 times its own weight in protein. It assists the body in assimilating the maximum nutritional value from food to provide energy and body-building materials. Papain in raw papaya makes up for the deficiency of gastric juice and fights excess of unhealthy mucus in the stomach, dyspepsia and intestinal irritation. The ripe fruit, if eaten regularly corrects habitual constipation, bleeding piles and chronic diarrhoea. The juice of the papaya seeds also assists in the above-mentioned ailments. The juice, used as a cosmetic, removes freckles or brown spots due to exposure to sunlight and makes the skin smooth and delicate. A paste of papaya seeds is applied in skin diseases like those caused by ringworm. The black seeds of the papaya are highly beneficial in the treatment of cirrhosis of the liver caused by alcoholism, malnutrition, etc. A tablespoonful of its juice, combined with a hint of fresh lime juice, should be consumed once or twice daily for a month. The fresh juice of raw papaya mixed with honey can be applied over inflamed tonsils, for diphtheria and other throat disorders. It dissolves the membrane and prevents infection from spreading.

5. One of the most important virtues of pepsin is that:
  - (i) it is found in papaya.
  - (ii) it can digest large quantities of protein.
  - (iii) it cures constipation.
  - (iv) it can treat a damaged liver.

16. Skilfulness

- a) Deftness      b) Ability      c) Durability      d) Talent

17. Curtail

- a) Reduce      b) Follow      c) Behind      d) Buy

18. What is the pen name of the author Joanne Rowling?

- a) Ruskin Bond      b) J.K.Rowling      c) Conan Doyle      d) Arundhati Roy

19. Favourite snack Maggie belongs to which brand?

- a) Dabur      b) Nestle      c) Patanjali      d)Tanishk

20. An Unsuitable Boy is authored by:

- a) Narendra Modi      b) Arvind Kejriwal      c) Karan Johar      d) Mulayam Singh
