

Dream**big!** Your future starts here.

RAMAGYA SCHOOL

PROSPECTUS

Nurturing dreams, enlightening minds.

No matter how big your child's dreams are, we at Ramagya School strongly believe in nurturing them and making them into a reality. After all, every child is unique and deserves the opportunity to learn in ways that make the most of their strengths and help them overcome their weaknesses.

Our new-age classrooms, ultramodern labs and computer facilities and a special emphasis on striking the right balance between academics and extra-curricular activities make us an ideal institution to ensure your child's dream soar high with pride.

Wisdom bites from dreamers and doers

Chairman's Message

You see things; and you say, 'Why?' But I dream things that never were;
and I say, 'Why not?' ————— **GEORGE BERNARD SHAW**

This in a nutshell summarizes the journey of Ramagya School from its modest beginning about quindecennial years (15 years) ago to its present state. Every great idea begins with a dream but if we have within us the strength, the patience, and the passion to reach for the stars to change the world, we can accomplish that task at hand. We planned to provide opportunities to young learners where they can have opportunities to explore and optimize their potential to be at par with their contemporaries and also have that same international feel and standard. This idea led to the establishment of nascent academic beginning as we not only dreamt and planned but also believed that when we summon the will our dream will surely become inevitable. It required a lot of perseverance, passion, stamina, determination, dedication, self-discipline and efforts to turn the seedlings of dream into the present reality.

Although the journey of accomplishments has started for Ramagya group of schools but it's merely the beginning. The transition from a singular school to the group of schools has become possible only because of team work that was accompanied by hard work and integrity of purpose. This single minded effort has helped us in attaining what we have set as our vision and mission i.e. providing education with international standards.

I would like to express my sincere gratitude to the Principals of the various branches of Ramagya, HODs, teachers, parents and community who have overcome all the obstacles with an exalted sense of purpose to provide a progressive and holistic education that moulds character, enriches mind and imbues a thirst of exploration in the learners. Success is thus the result of perfection, hard work, loyalty, persistence, joy of achievement and the thrill of creative effort but before we rest on our laurels and glories there are miles and miles to go.....

DR. SANJAY GUPTA
CHAIRMAN

RAMAGYA GROUP OF SCHOOLS

Director's Message

“Learn, believe and achieve as a lifelong learner is a life long winner.” ————— **MATSHONA DHLIWAYO**

We at Ramagya believe in what - UNICEF believes about education that it should help young people develop life-skills as life -skills have potential of transforming lives of the learners so our constant endeavour is to hire character and train the consequent skill. Education of today has a twin purpose - firstly, it should teach us to make a living and secondly, to teach us to live independently. Therefore, learning how to learn is one of the most important life- skills and at Ramagya we emphasise that child must be taught how to think and not what to think. Such skills will equip our students to have a better tomorrow.

We believe that education is not to reform students or amuse them or to make them expert technicians but it should widen their horizons, inflame their intellect and teach them to think lateral thus making education a lifelong process.

Parental involvement is a part of the mission of our school. Connecting home and school makes Ramagya a global educational community making it imperative to tear down the wall between parents and school.

Integration of academics with life- skills and opportunities is what we aim for our students at Ramagya. Such openings will make our students accomplish their most cherished dreams of life and be efficacious and contented individuals.

I would like to take this opportunity to appreciate the team of academicians, mentors and all those who have supported us in building and establishing Ramagya Group as one of the premier educational institutes in Noida and NCR. It is said that “the winds and waves are always on the side of the alert navigators, so let us prove our mettle to make every wind and wave favourable to us.”

MRS. RAJNI GUPTA
DIRECTOR

RAMAGYA GROUP OF SCHOOLS

Managing Director's Message

There is only one corner of the universe you can be certain of improving, and that's your own self.

Ramagya, within a very short span of time has emerged as one of the top 30 schools of India and aims to be among the top 10 in the upcoming years. Ramagyans believe in providing the best facilities to our students from the best resources available around the world. Our collaborations with the best universities of the world has provided an international platform for a wide exposure to our students.

Today, we enjoy a track record of unparalleled results. And with the exponentially growing demand from students, it's time for us to move a step closer to them. Needless to say, the endeavour to nurture and even further enrich the quality of education will be our constant focus. As for the rest, we will have constant changes, undoubtedly for the better.

Education is the basis of the entire civilization and hence it is important that the ones who impart education, to be the masters of their domain, where they lead the students into. At Ramagya, we follow an uncompromising and unwavering commitment at recruiting the finest educators for our students to give them an edge in fiercely competitive world.

In order to experience the satisfaction and enjoyment of success in life, a definite goal is essential. To prove it attainable, it's image needs to be honed continually so that it stands out vividly in the thoughts for climbing the ladder of success. Organised and definitive objective forges up into strong motivation to attain the goal.

MR. UTKARSH GUPTA
MANAGING DIRECTOR

RAMAGYA GROUP OF SCHOOLS

From the desk of the principal

Dear Parent (s)

“There are only two lasting bequests we can hope to give our children, one of these is roots; the other, wings.”

Change is not only the Law of Nature but is a must in present scenario to keep us abreast with the transformation that is taking place at such a fast pace. As a dynamic and progressive educational institution, we provide collaborative, cooperative and supportive environment to foster innovation as well as support teaching practices which are not only stimulating but also conducive for learning. We also ensure that our students grow up into autonomous individuals and lifelong learners with deep rooted value system. We believe that education is not only the feeding of facts into the mind but also the awakening of curiosity in the soul and that is why our soul endeavour is to train the minds to put their thinking caps.

Our motto, **“Arise, Awake and Attain”** epitomise the spirit of our school. In fact it echoes the words of Robert Browning: “Ah, but a man’s reach should exceed his grasp, or what’s a heaven for?”

Ramagya School is a fore -runner of the belief that education is for life and envisages an education policy which is not only qualitative and futuristic but has global acceptance too. We intend our children to move step-by-step with the changes and be at par with their contemporaries. Our legacy of strong cultural and moral values, the emphasis on core concepts, experiential learning, usage of edifying labs (Language lab,3-D, Computer, Science and SST)is the key of our intellectual evolution. This academic escalation at Ramagya School speaks volumes of futuristic educational goals and strategy for young Ramagyan brigade who will become rational, intellectual and enlightened global individuals with universal acceptance.

It is not the stars that hold our destiny but we ourselves. Our tenacity, our unflinching efforts, our unfathomable passion has made Ramagya a Magnet School , where each stake holder takes pride to be associated with the fraternity and we will not rest as we know there are miles to go.....

God bless us all!

MS. APARNA MAGEE
PRINCIPAL

GIVE WINGS TO COUNTLESS DREAMS

We as a group aim at providing umpteen opportunities in ample ways.

Advisory Board

The school management is constituted with austere and eminent personalities from the fields of education, administrations, corporate research, creative art etc. The school has flourished and set new benchmarks in the educational arena under the expert guidance and resourcefulness of our eminent board members

I, along with other board members, am immensely pleased for the distinctly honoured invigorating, vigorous and result oriented policy envisioned by Ramagya School, which is a unique educational institution disseminating participatory management for its cherished educational services. The school is translating its name "Ramagya", which means 'Permission granted by my soul' genuinely verbatim in reality while elevating the Ramagyans towards career and personality development through CBSE rostrum along with getting the international recognition for school's services in the field of education.

Ramagya School provides guidance and counselling to students for rejuvenating career opportunities, new techniques, products, therapies, professional knowledge, teaching methodology, and provides rich feedback to parents during their wards' stay in the school's world-class infrastructure. Here, the students are exposed to debates, discussions, workshops, local, regional, national international seminars to have active preparedness for strengthening core concepts related to curriculum. We also make the students well versed with current affairs, information technology, digital transformation, skill-speed-scale demonstrating capacity, competence, calibre, communication and clear understanding for competition. The school aims for high performance by educating the students about the global phenomenon with a special conceptual foresight. Students here are empowered to build great curriculum vitae with extracurricular engagements for success, sincerity, smile, solace, quality of leadership and serenity to stand apart in Life. Our students' attitude and magnitude help them in future to obtain altitude and multitude. The golden future is knocking at our doors.... let us grab it with enthusiasm & confidence.

A world-class Dream destination.

Ramagya Group, an amalgamation of knowledge and values, main branch located in the heart of Noida has within a span of 15 years, emerged as one of the top 5 senior secondary schools in Delhi and NCR for academic and co-curricular excellence. Ramagya School is well-equipped with the latest in the sphere of education and possesses a world class campus which offers an international platform with a perfect blend of technology, modern pedagogy, culture and innovation. Besides the main branch in Noida, the school has two more well equipped branches in Ghaziabad and Greater Noida. Expanding its horizon, the school has now extended its reach to Dadri. Ramagya School, Dadri is world ready to radiate the same hallmarks of Ramagya community which are embedded in scholastic and cultural gravitas.

RAMAGYA SCHOOL

We make a difference to education so that education can make a difference to the world.

Vision

Ramagya envisions education beyond the realms of academic excellence with a focus on preparing students to become enlightened, productive, and responsible global citizens having sound ethical values, wisdom and leadership skills in an inspiring and nurturing environment.

Mission

Our mission is to create global, educational community of conscientious individuals by using innovative instructional practices to equip our students with comprehensive academic intellect, buoyant physical prowess, composite social acceptance and infinitely creative world ready personalities.

CORE VALUES FOR A RAMAGYAN

Core values are the processes that give young people an initiation into world giving knowledge of the rules needed to function in relation to other people and to seek the development in the student to grasp certain underlying principles, together with the ability to apply these rules intelligently for being world ready.

The 4 Core values inculcated and imbibed in the students of Ramagya are-

World Citizenship

We aim to develop Ramagyans as global nationals who are flexible creative and proactive and can solve problems, make decisions, think critically; communicate ideas effectively to become harbingers of change in both thoughts and actions. Our pedagogy supports their development as Global Citizens and equips them with requisite knowledge, skills and values to embrace the opportunities and challenges they encounter, and to create the kind of world that they want to live in and whose actions contribute to universal acceptance and nurture self-respect along with respect for others thus making world a small family and a better place to live.

Roots and Wings

The two lasting bequeaths for a Ramagyans are "roots" and "wings". The root is our curriculum that provides sustainability, depth of knowledge and ignites thought process and gives wings to our young brigade to soar to the zenith of creativity, appreciation and freedom. Roots and wings work in unison to "future ready" our students to become productive, well-functioning principled and happy adults.

Experience and Innovations

Learning process at Ramagya is based on erudition of self-help innovations and real time experiences. We believe that thinking plays a vital part and our curriculum ensures that children are in thinking mode before the realms of reality, accept changes and adapt to inquisitive visualization to expand & integrate core competencies for developing in Ramagyans' scientific temperament at par with globally acceptable standards.

Attainments and Accolades

Attainments and accolades are the result of tireless striving. We believe that self-goals, communication, steadfastness, beyond books and academics are the key to acquisition of attainments and accolades. We identify our students, hone their innate skills so that finest out of the best is attained, acknowledged and rewarded.

IT IS A PRIVILEGE TO BE THE LEDERS IN EDUCATION.

Key Features

Towards Academic Excellence...

- **CORE (Curriculum of Ramagya Eminence)** - Early Childhood Curriculum based on Australian and Finland teaching pedagogy Student-centric and adaptive teaching pedagogy based on CBSE curriculum
- **'No child left behind Policy'** through differential learning with ideal teacher student ratio
- Enhancing analytically and preparing the students for future competitive exam through NSTSE, IMO, NSO, IEO, SOF, ASSET and ACER
- **Litwits! Reading Program** - The school reading program that develops linguistic skills through relevant and informative books and digital books, teacher support, and community engagement activity to improve the education of students and encourage reading both inside and outside of school
- Well-qualified, trained, experienced and UCLA certified teachers environmental sensitization through TERI
- Pedagogy facilitating flexi and blended learning
- **REFLECTION CORNER** - Regulates actions, reactions and behaviour of students to promote social and emotional learning; helps in recalling and reinforcing the basic concepts
- **SPIC MACAY** for Development of Creative skills - Dance, Music & Theatre
- **THINK OF A NUMBER** - Abacus and Vedic Maths, enriching the retention power.
- **PBP (Psychological boost program)** - Promoting positive mental health practices, counselling parent-student-school.
- **FURTADOS** - Quality music education accessible to children making the entire learning process fun-filled, joyous and memorable
- **READ PROGRAM** - For language development.
- **TEJASVAT** - Lessons and values of life through listening, speaking and reading Sanskrit Suktis and Shlokas

A School of Excellence with International State of The Art Infrastructure

- AC Digital Classrooms
- Sprawling Wi-fi campus
- 2 Multi- purpose 25000 sq. ft. fully air conditioned & climate controlled halls
- 11 Badminton courts, 2 Squash courts & 2 Basketball courts with FIBA, BWF & WSF approved maple wood flooring in collaborations with Prakash Padukone Badminton Academy & NBA Basketball School
- Semi Olympic size swimming pool and splash pool
- 2 lawn tennis clay courts
- Shooting Range of International Standard by ShootX 4 Indoor Auditoriums and one Open Air Theatre with the seating capacity of more than 3000 persons
- Art Workstation
- Dance Studio - The DanceWorx by Ashley Lobo
- Football ground designed with 40mm synthetic Astro Turf that has the shock-absorbing cushion to prevent blisters & scars during the play session
- Recording studio with soundproof walls, DAW- digital audio workstation, and a studio quality microphone where pcoming talent can record their songs and melodies
- Carpentry and other skill development work stations

Sports Galore...

- Collaboration with the only 4-star rated academy by AIFF in north India, Baichung Bhutia Football School to produce exceptionally great football players
- A self-defense program by Negis School of Martial Arts, where one can learn boxing, kickboxing, karate, Muay Thai & combat fitness training
- PILATES - The Pilates studio by Namrata Purohit
- KID FIT PROGRAM- For Pre- Primary between the ages of 2.5-8 years by Sporty Beans (by Yuvraj Singh)
- DECATHLON - The leading sports gear manufacturer whose equipment are reasonably priced and durable
- SPORTS - Cricket by MS Dhoni Academy, Basketball by NBA Basketball School, Badminton by Prakash Padukone Badminton Academy, Shooting by Shoot Academy, Table Tennis by Alight Table Tennis Excellence Centre, Skating, Volleyball, Athletics, Swimming, Archery, Gymnastics, Handball, Golf, Snooker, Horse Riding, Kick Boxing, Yoga, Aerobics, Karate, Lawn Tennis, Squash, Taekwondo, Hockey, Throw ball, Netball, Fencing, Chess, Carom, Paddle Tennis, Gym & Pool table by Ramagya SportsAcademy
- SERVICES - Diet, Fitness & Physiotherapy Programs by Ramagya Sports and Fitness

Health & Safety

- Well-equipped Infirmary & medical collaborations with Multi-specialty hospitals
- Health Line - VIVO AND ASHI - Basic life saving training and support program
- Preparedness & Training in Disaster Management
- AC Transport equipped with Vehicle Tracking System, GPS, Speed Monitoring System, CCTV cameras, (SMS) alerts for transport updates & Lady Security Guards
- Extensive monitoring through latest CCTVs (24×7)

Global Career Counselling

- Mindler
- The Chopras
- Study Overseas

Internationalism Through

- The Canadian University Application Centre (CUAC)
- The Goethe Institut
- University of California, Riverside
- International Peace Youth Group (IPYG)
- AFS Inter cultural Programme
- International Award for Young People (IAYP)
- International Global Citizen's Award (IGC Award)

Others

- School automation for 360 degree feedback by School app for parents and students.
- Ramagya Foundation - Corporate Social Responsibility(CSR) for hopeless and needy through programmes undertaken by Unnati Shiksha Kendra & Purusharth

Incorporating Multiple Intelligence @ Everyday Classrooms

Human beings differ from one another and there is absolutely no reason to teach and assess all individuals in the identical way." ————— **HOWARD GARDNER**

At Ramagya, we understand that every child is different and so are their capabilities and intellect levels. Therefore Ramagya School adopts Multiple Intelligence learning wherein we provide opportunities for each student to recognize and utilize his/her unique intellect and assess his/her competency in intellect through Dermatoglyphics a branch of science which studies the patterns of skin (dermal) ridges present on the fingers, toes and the soles of human. It reveals the congenital links between our fingers and our intrinsic qualities and talents. Thus dermatoglyphics are able to identify the presence and magnitudes of these multiple intelligence at the early stages of childhood development. Equipped with this invaluable information our children are taught through Visual Auditory & Kinesthetic methods that are differential learning catering to all level of learners but using different methods for acquiring learning attainments.

VISION

The visual learning style comprises the use of seen or observed things, which consist of images, diagrams, demonstrations, displays, placards, movies, flip-charts and the rest. Visual learners remember what is written even if it is not read for more than once as such they Learn things easily by just watching them.

AUDITORY

Auditory learning involves the transfer of information by way of listening. Children are often seen responding well to speeches, sounds and noises. To enable their holistic development, various auditory activities, such as brain -storming, buzz groups or jeopardy is conducted in day -to- day learning.

KINESTHETIC

Kinesthetics is a learning style which involves the stimulation of nerves in the body's muscles, joints and tendons. It entails learning by adopting such strategies that include physical experience for example touching, feeling, performing, learning by doing, exercising practical hands-on activities and much more.

DEVELOPING ANALYTICAL THINKING SKILLS THROUGH ABACUS AND VEDIC MATH

At Ramagya Abacus for grades KG to V and Vedic Mathematics from Middle to Secondary level is mandatory. In collaboration with **AVAS** one of the renowned organizations, Ramagya has interwoven the same in its curriculum.

The students of Ramagya know how to tackle a particular complication by logical application of mind and breaks complex problem into simpler and manageable parts only because of sharpening of mind achieved through rigorous Abacus practice sessions. The focus of these Abacus and Vedic Mathematics session is to develop mathematical aptitude of a child, assist in strengthening quick and accurate calculation skills, enriches a child's attention power of retention and concentration.

The School aims at the holistic development of a child's brain through Abacus and Vedic Mathematics along with the development of multidimensional thinking thereby cultivating intelligent guesstimation and innovations of idea in the Ramagyans.

INTERACTIVE SMART CLASS

Ramagya School truly understands that in order to excel in this smart age, students need smart learning. This is the reason why the school brings to its students, a stimulating environment with computer aided teaching through interactive SMART Classes. With the use of plasma screens and digital resources like animation, multimedia, diagrams, maps, displays, and prototypes, teachers assess and evaluate student's learning capabilities and interests thus ensuring holistic development of the students. All classrooms are connected via networking to the Resource centre, the server with the large repository of digital content is mapped into the curriculum. With the introduction of digital revolution into the classrooms, Ramagya provides the right platform with the provision of digital tools and facilities that pave way for interactive self-paced learning that ascertains effective teaching - learning process by leaving an indelible mark on the learners' comprehension of concept.

Extramarks @ Smart Classes

Technology enablers always make teaching- learning a joyful experience so we have installed software from 'Extramarks'. The modules of this learning solution are delivered through robust technology and employ game - based, thematic learning approach for junior learners and hierarchical, layered and adaptive approach for senior Learners. The special features of Extramarks such as Adaptive learning i.e. Modifying learning approach as per learner's requirements, Mentor: i.e. Becoming a 'mentor' and supervise your ward's performance scheduler: i.e. planning your curriculum and progress: i.e. tracking, monitoring & supervising academic performance of a child go a long way in making learning process easy, effective and engaging.

STEM @ Inquiring Minds

Ramagya School has incorporated STEM pedagogy in an interdisciplinary and applied approach while preparing education policy and curriculum for its students, as STEM aids in proving competitiveness in Science and Technology .The four specific disciplines in which learning is enhanced for primary and secondary students are — Science, Technology, Engineering and Mathematics. In addition to subject-specific learning, STEM aims to foster inquiring minds, logical reasoning, and collaborative skills.

KNOW YOUR BRAIN:

We have often seen schools provide support to children based on issues seen at the surface. But no school has any program for the parents to help them in their journey of parenting.

'Know your Brain' is a unique transformative school program that helps students, parents and teachers to have greater balance, control and effectiveness in their daily lives to meet the demands of the super intelligent and tech-savvy generation.

PERSONALITY DEVELOPMENT PROGRAM(PDP)

A student centric module on PDP has been innovated by the school to train our students, keeping in mind that the program is simple to manage, but rich in content and values.

LIFE COACHING PROGRAM(LCP)

Ramagya has introduced LCP that provides the necessary education and tools for self-improvement, personal growth and professional development, just as a life coach does.

ATAL

Young mind gets a chance to work with tools and equipment to understand the concept of STEM (Science, Technology, Engineering and Math)

It contains educational and learning DIY kits and equipment on:

- Science and electronics
- Robotics
- Sensors and 3D printers
- Micro-controller boards

NIIT MATH LAB

- To discover mathematics by doing.
- Appealing activities for a wide range of students with varying proficiency help generating further interest.
- The Lab helps students to visualize, manipulate and reason.
- The Lab provides an opportunity to make conjectures and generalize observed patterns.

DREAM MORE
LEARN MORE AND
BECOME MORE

At Ramagya School, we strongly believe that a library well-endowed with numerous articles and books together and with a resource centre can help in the creation of a well read and well informed world. A wide array of resources and study materials for various genres is accessible for the students at our school, helping them to learn in a way that marks the beginning of a better and futuristic era. Our resource library is a repository and access point for well selected digital content in numerous formats and many other electronic resources which can be used for classroom deliveries. New additions are also constantly made in order to keep the library and all our inquisitive minds abreast of the latest changes.

Our Libraries @ E - Library

To inculcate the habit of avid and voracious reading the school has two ever expanding libraries for the Junior & Senior level each, and a Resource centre catering to the needs of all age groups. Apart from the inputs from the books, the students are exposed to a large repository of digital content through E - library modules which are mapped to their curriculum.

Junior Library

- The school has a state of the art, well ventilated, computerized and centrally air conditioned library for the junior wing which is well stocked with a wide collection of over 5500 books.
- The collection of books consists of text books, reference books, fiction books (English and Hindi), books for competitive exams, General Knowledge books, guidance as well as counselling books, biographies, encyclopedia, magazines and much more.
- The library provides the students well supervised individual access to a variety of resources, books, ready information and study materials.
- The learner oriented junior library at Ramagya School can easily accommodate 50 students at a time.

Senior Library

- The school facilitates spacious and very well stocked open shelf library for the senior wing too.
- The library has the capacity to accommodate large number of students at a time. Library cum resource centre is designed in such a way that students are encouraged to obtain the knowledge they need on a variety of subjects.
- The senior library is stocked with more than 6000 books comprising of diverse Text Books, Reference Books, Fiction (English, Hindi, Sanskrit, French and German), Competitive Exams preparation modules, General Knowledge books, Guidance as well as counselling books, Biographies, Encyclopedias, Magazines and much more. In addition to this, the well-equipped library also stocks a variety of newspapers, journals along with computers and with internet connectivity.

DON'T JUST PLAY
THE GAME
WIN IT

BHAICHUNG BHUTIA FOOTBALL SCHOOLS

Keeping in view the amenities provided at the Ramagya School. The Bhaichung Bhutia Football School has stepped up to coach the football enthusiasts at Ramagya School to levels ahead of the beginning.

The Bhaichung Bhutia Football School has a glorious history to produce exceptionally great football player, for the country. Bhaichung Bhutia Football Academy is a 4 star rated academy by the AIFF (All India Football Federation) under the academy accreditation program and participates in all (U13, U15 & U18) AIFF Youth Leagues and is the only 4 stars rated academy in north India.

Ramagya School believes in providing Sporting events to its students which have the international feel and exposure so we have entered into alliance with The National Basketball Association (NBA) which is the major men's professional basketball league in the world. The purpose of this association is to provide the best of the best opportunities and experience to the young Ramagyans for not just being at par with their contemporaries but also be able to prove their mettle in this international sport.

Ramagya School has associated with Shoot X Shooting Academy and is always in the process of shortlisting and developing upcoming shooting stars. The Academy aims at recognizing potential among young kids and adults and helps them in accomplishing their goals by planning and managing trainees in a very methodical way. The academy ensures and supports participation of the learners in various competitions in India and abroad. Through this academy, Ramagya School ensures world-class training with the best coaches in the country to train and groom the rookies to achieve their potential.

Cricket is more than a sport in India. Words cannot describe the passion that people share for Cricket. Ramagya Sports Academy provides the best cricket academy in Noida in collaboration with M.S Dhoni Cricket Academy. We thus provide a platform for the budding cricketers to train and practice cricket on the grounds of Ramagya. The cricket players are trained in technical aspects of the game, like leadership, strategies, keeping the head right in tough times, field-setting and how to tackle certain conventional cricket situations. The promising players can practice on cemented and Astroturf cricket pitches mastering their cricketing skills.

Ramagya School has entered into collaboration with the best dance academy of India that is run by noted choreographer Shiamak Davar who pioneered the western dance trend in India. This premier dance academy offers several courses in contemporary, western dance. With an aim to provide quality dance training and making dance available to all, Shiamak's expert faculty gives dance training by offering an opportunity to learn dance, express ourselves creatively and perform on stage. A specially designed program runs that forms a part of the school's regular curriculum and reaches out to children, empowering them with the power of performing arts at the convenience of their school premises. Its objective is to offer every student, training and knowledge of fundamentals, styles and techniques. It also helps students to de-stress and develop well-rounded personalities.

The popularity of Table Tennis has increased by leaps & bounds over the years. Like most sports, table tennis offers great mind-body stimulation, aerobic exercise, and social interaction. Some of the many health benefits of table tennis include: Improving hand-eye coordination. An intense game of table tennis stimulates mental alertness and concentration and develops mental acuity. In association with the 'Alight table-tennis excellence centre', the school offers world-class training for students with no prior experience to national medal-winning students. The school has strong infrastructure facility with 8 internationally sized tables and guidance from the national level coaches.

PADUKONE

SPORTS MANAGEMENT

Ramagya School has collaborated with Padukone Sports Management for badminton, the brainchild of the Ace international player, Mr. Prakash Padukone. Prakash Padukone is idealized as the pioneer of Indian badminton. He was ranked World No. 1 in 1980 – the same year he became the first Indian to win the All England Badminton Championship.

Ramagya School started an In house 'Kid Fit Programme'. The programme aims to develop and improve fine motor and gross motor skills of Primary wingers. Ramagya's collaboration with Sporty Beans is specifically for sports based play programme for primary school children between the ages of 2.5 & 8 years. Sporty Beans is an initiative that is supported by Yuvraj Singh, a distinguished cricketer who supports the view that children should be exposed to physical fitness programmes and games from the tender age to keep them active, strong and fit. The programme targets to develop confidence, concentration, social interaction, sportsmanship values and many such values in a caring and fun filled environment. Various Multi Sports Activities encompassed at Sporty Beans are-Soccer, Baseball, Basketball, Volleyball, Golf, Tennis, Cricket, Rugby and Hockey.

Martial Arts are aimed to increase cognitive skills, sharpen hand and eye coordination, and improve an individual's sense of balance and direction. A sharp mind that grasps quickly and a skilled fighter who reacts quickly to physical threats is an unparalleled combination. At Ramagya School, we offer top-notch training in Mixed Martial Arts which is managed by Negi's School of Martial Arts. Negi's School of Martial Arts has over 2 decades of training experience. Under Martial Arts, kids, and adults can learn various disciplines like Kick-boxing; Tae-Kwon-do; Street fight; Karate; Kung fu; Muay Thai. The training is given under the supervision of great masters who have successfully organized the 'Mission Fight back' Martial Arts campaign and have also been awarded by the Government of India for proving their mettle in Martial Arts.

Providing International Connect At Ramagya

Ramagya School has international collaboration with the globally acclaimed universities and organisations. While playing a very crucial role in promoting the international nature of Ramagya School, the collaboration provides for the exchange of students, faculty and the conduct of various seminars, research sessions, international guest workshops, assessments and much more. Our students are benefited through these collaborative partnerships, which aim at the innate strong points of the two institutions.

In continuous endeavour to improve the quality of education and academic performance of students, Ramagya School has partnered with Genius Corner A-CUBE personalized learning programme. Genius Corner follows (AAA) Assess, Analyse, and Act methodology to improve academic results by timely identifying the Challenging areas, which need more attention, by providing personalized learning. This programme is aligned with our school curriculum and exam schedule in a way that one month before every term exam, school will determine exam readiness of each student through Genius Corner modules that helps to identify the areas where students need to focus more.

University of California, Riverside

Ramagya School has forged ties with University of California, Riverside (USA) to provide the feel of internationalism and help Ramagyan cherish the dream of studying in globally acclaimed University of California, Riverside. This collaboration entitles our students to be eligible for admission in International Education Programme at UCR. Besides this various events such as students and faculty exchange programme, conduct of seminars, international guest workshops, research sessions, assessments enable our students to imbibe and incorporate the finer points of learning programmes abroad.

Raz-Plus

Our students develop reading skills most efficiently as the instructions, practices, and assessments are blended and informed by data. And for that, Ramagya School has collaborated with Raz-Plus – a comprehensive blended learning platform that includes the leveled resources, teaching materials, and student portal to address all your instructional needs. It combines teacher-led whole-class and small-group instruction with technology-enabled resources for personalized reading practice. All resources are accessible online and available in printable, projectable, and digital formats to strengthen the connection between what is being taught and what students independently practice.

The Canadian University Application Centre (CUAC)

At Ramagya, we aspire to fulfil the wish of students wanting to study abroad. Our association with Canadian University Application Centre provides the much needed platform to Ramagyans as CUAC is Canada's most professional counselling and reference centre in India for studying in Canada. It is a consortium of public government funded research universities and colleges. CUAC has the right to waive off the mandatory criteria of passing IELTS and TOEFL for the most deserving of the candidates for undergraduate courses thus a Ramagyan can study in Canada as CUAC's work is highly respected by both the Canadian government and High Commission of Canada in India.

Study Overseas

We at Ramagya provide umpteen opportunities to our students by providing them access to national and international platforms through our collaboration with Study Overseas Global, one of the largest education consultancies in India offering free counselling to students aspiring to study in over 300 educational institutions in the United Kingdom, USA, Canada, Australia, Singapore, New Zealand, Switzerland, Dubai, Ireland and Malaysia. Our purpose of entering into collaboration with Study Overseas is due to its offer of providing training to students who wish to appear for tests such as IELTS and TOEFL.

The Goethe Institut

Ramagya is concomitant with Goethe Institut Germany as it is the best known center in the city for German courses. The study of German language will open avenues for Ramagyans through Student Exchange programmes. It will also help to widen the language adeptness of the students besides German; the other languages in offering are French and Sanskrit.

Atal Tinkering Lab

Atal Tinkering Labs at Ramagya are the work spaces provided to the students to learn innovative skills and develop ideas. The labs are powered to acquaint with state-of-art equipments. The lab activities are designed to spur the spark of creativity, and go beyond regular curriculum and text book learning. These labs let the students explore their skills of design and computational thinking, adaptive learning and artificial intelligence. The objective of this scheme is to foster curiosity, creativity and imagination in young minds. In order to foster inventiveness among students, ATL conducts different activities ranging from regional and national level competitions, exhibitions, workshops on problem solving, designing and fabrication of products, lecture series etc. at periodic intervals.

AFS Inter Cultural Programme (USA)

Ramagya School entered into alliance with AFS Student exchange Programme as it helps in building and developing necessary 21st century skills to be a leader with the ability to understand diverse perspectives and communicate effectively through cultures. AFS provides opportunities for Ramagyans to be part of inter culture learning programmes and helps in finding resources for global competency.

JAS-ANZ-ISO- 9001:2008

Ramagya is one of the many organisations that have been certified with joint Accreditation system of Australia and New Zealand making Ramagya an accredited organisation conforming to assessment by International Accreditation Forum (IAF) and the Association of Accredited Certification Bodies (AACB). This certification has provided transparency and established processes and procedures at par with international levels.

International Peace Youth Group

Living in peace and harmony is one of the tenets of Ramagya. We are the staunch supporters of peaceful co-existence. Our students also share the same passion and the ardour of our students motivated us to become a part of International Peace Youth Group. This organization echoes our zeal for peaceful co-existence so that we can repay those who have shed their blood in wars, work for putting an end to these senseless wars and restore faith in mankind and that's only possible when the youths all across the world will unite and Ramagya has joined this initiative of ushering in peace in the world.

British Council International School Award

Ramagya School, Noida takes pride in being a part of International School Award Scheme under British Council. The British Council offers the International School Award (ISA) as an accreditation framework for schools to record and evaluate their International work and embed it into the curriculum and the whole school ethos. This scheme provides recognition for teachers and their schools working to instill a global dimension into the learning experience of all children and young people. The ISA supports the schools to develop the following:

- An international ethos embedded throughout the school
 - A majority of pupils within the school impacted by and involved in international work
 - Collaborative curriculum-based work with a number of partner schools
 - Curriculum-based work across a range of subjects
 - Year round international activity
 - Involvement of partner schools and the wider community in the UK International
-

International Global Citizens Award

Ramagya School is bestowed with International Global Citizens Award for acknowledging our role in encouraging our students to become better global citizens. We also sensitize them how we all are entwined, how our everyday lives affect the environment, consequently the lives of others and how our small steps can help making the world a better place.

Mindler

Mindler has developed the World's Most Advanced Career Guidance Platform, making students discover their unique potential which helps them make an apt career choice through assessment & activities! It offers services which help our students in career assessment, profile building, virtual internships, college roadmap planning, college applications and scholarships. The comprehensive career guidance eco-system is aimed at empowering students to make well-informed career decisions. A technology-enabled eco-system for career planning, Mindler leverages technology, research, machine learning and algorithms to minimize human bias in the career decision-making process.

The Chopras

We at Ramagya believe that choice of a career is the most critical decision for a child so we have allied with The Chopras, who guide our students by offering interesting and innovative programs which help them in choosing the best career option based on their area of interest. The Chopras is one of the most trusted study abroad consultants in India having its branch in 22 cities.

School Cinema

Ramagya has entered into a collaboration with LxI Ideas Pvt Ltd for School Cinema to teach Lessons of Life to the students from class LKG to Class 10th through Award-winning films and engaging activities.

Benesse

Benesse believes in making a difference in education through personalised support and ensuring that students learn with understanding. It aims to provide support to schools in India through Diagnostic Assessments, Enrichment and Personalised Mentorship to students. Under this collaboration, we conduct a series of assessments (Maths, Science, Learning Habits and Self-Reflection) and interventions (Practice Tests, Workbooks, Career Awareness and Goal Setting sessions, etc.) for our students this year. Benesse helps us identify the unique academic needs, learning styles and career aptitudes of your child, which we can then respond to with personalised content, mentorship support and counselling. We expect these interventions to positively influence the Board Exam results in the short term and the professional success of a student in the long term.

Princeton Review

Ramagya School creates umpteen opportunities for its students to reach their dream universities by providing them access to the best exam preparation coaching in the world. In this regard, Ramagya School has partnered with PRINCETON REVIEW – World's leading test preparation Institute for SAT, ACT, AP, IELTS, TOEFL, and other International competitive exams. It is a college admission services company offering test preparation services, tutoring and admissions resources, online courses, and books published by Penguin Random House. The company has more than 4,000 teachers and tutors in the United States and Canada and international franchises and offices in 21 countries.

A WORLD WHERE DREAMS BLOOM

Why not create a home away from home

To provide solace to the working parents of the metropolis and to help them take care of their children in an efficient manner by relying on capable hands, Ramagya School has started a Day Care facility for its students. The purpose of Ramagya's First Step (Day care) is to provide, the parents associated with Ramagya group a healthy happy environment where children are provided with the opportunity to explore and develop their own unique individuality and smooth transition into kindergarden, this helps them to grow socially, emotionally, physically, intellectually and spiritually.

The school plans on building such an environment which is responsive to a child's developmental stages and helps them to enhance their learning skills.

The Day Care facility at Ramagya is an initiative to provide the age appropriate child care services to nurture and guide the children in their Affective, Cognitive and psychomotor domains. Day Care facility is aimed to provide a safe and nurturing environment to the students with the assistance of some of the best-trained mentors in the world of education and child care.

An exposure to a wide range of evening activities under professional guidance is a unique feature to ensure holistic personalities.

Children in day care definitely do not have time to spare, remembering their parents as they are so exuberantly gratified in their second family.

DON'T JUST HOPE, CONQUER IT

Scouts and Guides Programme

Ramagya School is proud to be associated with Bharat Scouts and Guides India, Northern Zone. Our rationale of joining the organization is that through Scouts and Guide Programme we yearn to develop young, Ramagyans into individual with physical, intellectual, emotional, social and spiritual potential to be a responsible member of local, national and international communities & as such are guided by the 3 main principles of duty to God, duty to others and duty to self.

Duty to God

Adherence to spiritual principle, loyalty to the religion that expresses the acceptance of the duties resulting there from.

Duty to Others

Loyalty to one's country in harmony of local and international peace, understanding, co-operation, participation in the development of society with recognition and respect for dignity of one's fellowmen and for the integrity of the natural world.

Duty to Self

Responsibility for the development of one's self.

THE NATIONAL CADET CORPS

Ramagya School, Noida proudly acknowledges its associations with NCC- the National Cadet Corps. The School is registered for the Girls NCC Programme under the flagship of 31st Battalion, Greater Noida, Zonal Office. The purpose of our association with NCC is that it helps students in developing character, comradeship, discipline, secular outlook , spirit of adventure, are organized, trained, motivated and above all infuses the ideals of selfless service towards nation.

THEIR DREAMS ARE OUR DREAMS TOO.

Assuming Social Responsibility.

Gifting a life & hope.

Ramagya School is contributing in the social development programme through its social commitment of educating children whose parents cannot afford to send their children to a reputed school, Unnati Shika Kendra is one of such endeavour of Ramagya Group of Institutes. We through our initiative want to inculcate such compassion in our students which are in sync with Core beliefs of Ramagya and these tenets are to be imbibed by every Ramagyan.

The school has established an NGO Purusharth Charitable Society with an aim to provide the hapless children with the means of education, supplementary nutrition as well as medical assistance.

Purusharth Charitable Society runs an after-school program for helping the underprivileged children to get the opportunities for growth and learning with humility and modesty.

The school's NGO engages heavily with the local communities to form Children Groups (CGs) and work with them towards the massive enrolment drives in which out-of-school and vulnerable children are mapped and enrolled in the schools in age-appropriate classes.

The society conducts a unique education Programme for school drop outs and offers vocational and computer training in various locations of Delhi and NCR.

The society launches an immediate relief Programme during crisis and natural calamities where special team of workers builds resilience and ensures rehabilitation to the survivors.

The school meets the praxis of 'Clean India Mission', 'Save Girl Child', 'Women Empowerment', 'Waste Management' and 'Go Green' projects launched by the Government of India.

T.M. TRANSCENDENTAL MEDITATION

A Quiet Time Program

TM session is a practical, evidence-based approach to reduce stress. Ramagya School has introduced TM practice with the curricular and this helps dramatically improve academic performance, student wellness and the school environment.

This session at Ramagya provides students with two 20-minute periods of Transcendental Meditation each day to help balance their lives and improve their readiness to learn. This school-wide program complements existing educational strategies by improving the physiological underpinnings of learning and behavior.

BaalSaathie

Student Health Benifit
Program

Ramagaya School has initiated a holistic health, Wellness and Fitness programme, BAAL SAATHEE. It aims at blending a balance between mind, body and soul. The key objective of this programme is crystallizing the children for a major transition in their health outlook where health is a way of living and inducing the value of overall fitness for a high achieving and thriving existence. It is a Student-Benefit Programme that focuses on physical, psychological/behavioural and dietary habits via qualified professionals (Counseling psychologist, General physicians & Nutritionists).

It builds an Individual Development Plan that is highly customized and based on the needs of every child. Individuality, confidentiality and customization be the corner stone of our services, we strive to give every child, individual attention, one hour a week.

LEADING THE WAY TO WORLD-CLASS EXCELLENCE

Health and Medication

The school houses a state-of-the-art, fully air conditioned and well equipped infirmary, headed by well-qualified medical practitioners and physicians.

The school is internationally certified by the American Safety and Health Institute (ASHI), which helps students and the teachers to develop basic first aid knowledge and the confidence to respond during emergencies.

Various health camps as well as blood donation camps are organized in the school from time to time.

The students also undergo full body check-ups to ensure a healthy and safe environment in the school.

The school has medical collaborations with Multispecialty hospitals to ensure a wide range of medical services and timely action for any untoward incident during the school hours.

In order to promote a healthy lifestyle among the students, the school's canteen and cafeteria serves healthy snacks and delicacies in a hygienic environment along with the availability of safe drinking water through reverse osmosis.

Fogging @30 days is Ramagya's monthly Sanitization Programme undertaken for vaccumization to curb bacterial growth and ensure healthiness of the students. Also such programmes are our conscious efforts to sensitize our students about various health hazards.

Ramagya has associated itself with the world acclaimed VIVO Healthcare Staff Institute and Ramagyans can make a career in the field of healthcare. Health Care staff undertakes Emergency Medical Services (EMS) & Allied Health courses and training programs ranging from basic first aid to advanced life support programmes.

The basic knowledge of first aid is important in many critical cases as at times it seems that timely first aid medical help could have saved a person's life. We at Ramagya understand the importance of those precious moment and our global partners ASHI Training Centres and Instructors provide such first aid training programs, CPR and AED. Thus through this Programme, we enable our students to develop basic first aid knowledge, skill and provide the much needed confidence in Ramagyans to respond to various exigencies.

Our pre-primary programme is designed to stimulate imagination, creativity and self discovery in our youngest learners (aged 2-5 years). CORE; 'Curriculum of Ramagyan's Eminence' reflect our international context. CORE draws out the best of the kindergarden curriculum, globally.

Warm nurturing environment support our inquiry and play-based approach, ensuring every child develops the knowledge and skills needed for the future academic success. Through CORE, our simulative & creative curriculum support, the personal potential teaching instructions cater to each student's needs, abilities and learning styles, resulting in a community of happy, confident and engaged learners.

CORE

SPECIAL FEATURES

Global Thread for global perspective

I am because you are: People are through people.' The global thread of CORE is based on this philosophy, through which we aim at bringing greater awareness amongst our learners towards the importance of community: Ones own culture, and other cultures; their differences and the similarities. Global Thread of CORE, aims at teaching kids that success is intrinsically linked with our fellow human beings.

Learning beyond the class desk.

Ramagya offers a platform to the kids where they learn by doing. Experiential Learning enables learning beyond the classrooms and independent strategies are age relevant and helps the learners to associate learning to real life experiences through the sea of opportunities offered to them beyond their classroom desks.

Parents Segment

CORE has specific elements specially developed to have a community of informed and active parents. Surveys across the world show that informed parents lead to a beneficial effect on academic achievement and long term outcomes of students' results. The dedicated and customized parents segment of CORE has details and references for the parents for understanding the classroom teaching so that the learning can be taken up beyond the classrooms.

Path to Excellence

CORE offers a paved path of success through its worksheets that are designed with a purpose that goes beyond being a tool for written assessment. Each worksheet has a preset learning objective provided with a set of supplement worksheets which prove to be a boon for the learners. It helps the students to- refine, revise, practice and retry.

Discovering and Exploration

Our KG learns in a dedicated kindergarden wing, where classrooms are designed with great care and spill out into learning pods. These learning pods are large, open, shared spaces, where teachers set up hands on learning centers and other leaning spaces that foster skill development. This includes a junior library, STEAM, KG Aquatic Complex and an outdoor discovery centre.

SECURITY

Ramagya believes that the safety, security and well-being of the students are of paramount importance.

The school makes sure that the children and their families can be rest assured with the fact that students are safe and secure within the campus.

Vehicle Tracking System MS (VTS) is installed in every bus and lady security guard is deputed for the security and convenience of all the students and the parents.

Safe dispersal of the students is ensured through the duly attested walker's pass through which only parents or the authorized guardians can collect the student from the school or the bus stop.

An extensive surveillance is maintained through high definition and unlimited cloud storage CCTV's installed at various locations within and outside the school premises which are monitored by trained security personnel.

Parents are informed about the absence of their children through parent portal.

Constant surveillance at the main gate is implemented through an advanced gate lock and stringent measures at various places to ensure safety of the student fraternity at all times.

TRANSPORT

The transport facilities provided by Ramagya School include hygienic, well-maintained buses which are technically equipped with a Vehicle Tracking System (VTS) informing about the bus routes and simultaneously tracking the vehicles all the time.

With such a mechanism in place, students and their families get the assurance of absolute safety and security of the students. Parents can also track the bus with the aid of mobile application. Besides this, the buses also have Security personnel. Lady guards as well as Caretakers pick children from their respective bus stops and drop them back in a safe manner. The buses also have first aid boxes which are kept to handle any emergency in the right manner. A well-established SMS system keeps the parents informed two stops prior about the pick and drop of the school transport user and thus reduces the waiting time at their respective stops.

Automation

Ramagya is fully automated school having the following facilities:

Student Portal

Parent Portal

Fee Portal

Form Download

Provision Vehicle Tracking System

Daily Attendance Report

Library Book Issue

Student friendly Automation system (to make payments for canteen bills, uniform shop bills, stationery shop bills etc.)

Strategic Advantages

Total Operational Automation

More time to focus on Strategic Tasks

Multiple Task Management

Virtual Presence

Effective communication between Teachers, Parents and Students

Complete automation of all operations.

Centrally stored information with zero redundancy

Innovative Homework assignment to students

Efficient and effective interaction with parents

Access to a forum common to students and parents Parent's access to child's attendance and performance

Better organization of school activities

Advantages to Parents

Parents can plan the daily budget through ID cum Paytm cards.

Friendly Automation system for canteen etc.

Frequent interaction with teachers

Active involvement in school activities

Reliable update on child's attendance, progress report and fee payment

Tracking of homework assigned by the teacher

Prior information about test schedule, school events and holidays

Regular and prompt availability of school updates through articles, discussion forums, image gallery and messaging system.

Advantage to students

Enhanced interaction with teachers, parents and peers

Online submission of homework

Access to attendance, timetable, marks, grades and examination schedule

Liberty to publish articles and views and participate in discussion forums

Freedom to browse through library books catalogue and identify the book(s) to be issued

Prior information about test schedule, school events and holidays

OUR ESTEEMED ALLIANCES

CBSE

Ramagya School Noida is a CBSE affiliated Senior Secondary School. CBSE is one of the most sought after board in the country as it is the central board. All the competitive exams are based on the pattern of CBSE board. Ramagya School has opted for this board to give an opportunity to its students to grasp the basic concepts necessary for success in competitive examinations.

Clubs-Work Ex, Astronomy, Robotics & Photography

Work Ex is an activity based one hour period where we are able to ascertain the areas of interest & inherent talent of the students. The Work Ex club is for all the students from grade IV to X. The student chooses one activity from many activities which have been selected with a lot of deliberation and age appropriateness. Once the talent is identified, we use these work ex periods to polish and hone the skills of the budding Ramagyan in that field. These activities range from Sports to Creative to Performing Arts. A few paid clubs - Astronomy, Robotics & Photography are included in the list for the students who have technical knack for doing things.

Performing Arts

Ramagya School realizes the fact that every child is endowed with different capabilities. A few students may have innate talent and with proper guidance of perfecting skills and a proper platform can make them a name to reckon with in various fields- singing, dancing and theatrics.

Veative Lab

Ramagya School's constant endeavour is to provide the latest digital technology. Through Veative Labs we make learning impactful and everlasting. As a part of our latest offering, we have ensured for our student's virtual reality labs for the teaching of STEM with 450 modules along with breathtaking content in Physics, Chemistry, Biology and Mathematics. Veative's VR Tools enable teachers to manage content, plan lessons and track student's progress. Moreover, the customised syllabus helps us in planning the modules as per our syllabic requirement and thus makes learning effective.

STRIKE Self-defense Program

STRIKE Self-defense Program is based on Krav Maga martial art form that was developed by the Israeli Army and is considered to be the most effective and practical form of self-defense in the present-day scenario. STRIKE Program trains on ways to avoid and neutralize threats, using every tool at student's disposal, be it vocal, mental shrewdness, or physical ability.

Spic Macay - SPICMACAY

Ramagya School proudly associates itself with The Society for the Promotion of Indian Classical Music and Culture Amongst Youth (SPIC MACAY). Ramagya School got associated with it as it is a voluntary youth movement which promotes intangible aspects of Indian cultural heritage by promoting Indian classical music, classical dance, folk music, yoga, meditation, crafts and other aspects of Indian culture. It helps a student not only to know about India's rich culture and heritage but inculcates the habit of appreciating our customs, traditions and culture.

Fitness Programmes

Injuries and wounds are a part and parcel of playing any kind of Sports. Ramagya understands this and thus has entered into collaborations with illustrious organizations to guide and counsel the sportsmen regarding the injuries and wounds sustained during game and remedial exercises thereafter. Ramagya has associated itself with two such establishments- ECOLE Fitness and Pinnacle Fitness. ECOLE Fitness offers training and guidance related to gym and Yoga for keeping fit and while playing and rehabilitation after sustaining some kind of injury.

Pinnacle Fitness provides training and supervision related to physiotherapy i.e. the treatment of disease, injury, or deformity by physical methods such as massage, heat treatment and exercise rather than by drugs or surgery. Pinnacle fitness solutions is run by Dr. Gaurav Sharma who primarily works on an innovative concept of Fitness Enhancement & Sports Specific Fitness in multiple locations across North India. Dr. Sharma is a Senior Consultant in Sports Physiotherapy and Rehabilitation having 10 plus years of experience in clinical practice of Ortho and physiotherapy and research in medical industry. He has also served as the Chief Physiotherapist of the Indian National Sailing Team at Olympics 2012.

RSGMUN (Ramagya Spectra Genie Model United Nations Conference)

Ramagya envisions education beyond the realms of academic excellence with a focus on preparing students to become enlightened, productive and responsible global citizens with sound ethical values, wisdom and leadership skills in an inspiring and nurturing environment. The mission of Ramagya School is to craft a global educational community of conscientious individuals as global citizens with roots grounded in our culture and heritage along with wings to fly high and shine with experience and innovation. With a wide expose and as an educating institute Ramagya has embarked on a challenging initiative that has culminated in collaboration with 'Spectra Genie'. Ramagya is now in league of MUN with the initiation of RSGMUN.

DREAM TEAM MAKES DREAM WORK.

Our Alliances

Ramagya School has National as well as International Collaborations with the globally acclaimed Universities, Medical Service providers and Sports Academies. These collaborations play a very crucial role in promoting the international nature of the Ramagya School through the exchange of students and faculties, conduct of various seminars, research sessions, international guest workshop & assessments and many more. Our students benefit immensely through these collaborative partnerships which aim at combining the innate strong points of the two institutions. With these collaborations and tie-ups our endeavour is to provide a globally rich and professionally strong environment for our students so that they get an international perspective while focusing on their curriculum unanimously.
